

UTAH LOCAL GOVERNMENTS TRUST

TRUST

2017 ANNUAL REPORT

*The Trust is Partner of Choice for 73%
of Utah's Local Governments,
with 99.6% Member Retention*

CEO MESSAGE

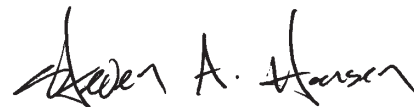

The year 2017 was record-breaking for the Utah Local Governments Trust. After carefully studying options, 65 new members joined our pooled programs. In addition, scores of members bid out their insurance, thoughtfully comparing terms, conditions, services, and pricing. Not surprisingly, 99.6% chose to continue their partnership with the Trust. In fact, five-year member retention is north of 99%.

In 2017, we expanded our liability coverage and added pollution and crime coverage at no additional cost. We returned \$1,000,000 to members in premium relief credit. We paid \$19,591,226 in claims and expenses. Still, we strengthened our net position by \$6,751,405. This money will benefit members directly through continued rate reductions, premium stabilization and offsets, expanded coverage, enhanced services, and more premium relief credits. In the end, we're delivering more for less, and strengthening financial security to weather future storms.

The Trust is you – we're in this together. Loss Prevention is helping you achieve your goals to reduce loss and injury. Marketing is simplifying insurance so you can easily evaluate options. Claims is helping resolve difficult situations. Underwriting is using mathematical models and data analytics to spread the cost of risk in a fair and sustainable way. Technical Services and Accounting continue to be innovative in meeting your needs.

Since 1974, the Trust has provided specialized insurance products and services to Utah's local governments. Today, the Trust has insuring relationships with 533 members: 91% of Utah's Cities and Towns, 65% of Utah's Local and Special Districts, and 38% of Utah's Counties. We compete directly with the commercial market and other insurance providers. We're here because we deliver what they cannot. Members have options. Still, nearly 100% of members renew annually because of our superior financial security, coverage, loss prevention, and lower overall cost of risk.

We listen to members and respond to changing needs. We will continue to lead with innovation, accountability, and discipline – making course corrections along the way. Remember, we're in this together. Our success is your success. The future is bright.

Today, the Trust has insuring relationships with 533 members: 91% of Utah's Cities and Towns, 65% of Utah's Local and Special Service Districts, and 38% of Utah's Counties. Strong financial performance is the by-product of member focus and teamwork. If results are better than actuarial projections, members reap the reward through dividends, premium subsidies, more coverage for less premium, and increased financial security.

Alone we can do so little, together we can do so much.

— Helen Keller

LOSS PREVENTION

We help members reduce loss and injury through the Trust Accountability Program (TAP). We are Utah's preferred governmental risk pool because safety matters. Together, we protect people and financial resources.

UNDERWRITING

We use mathematical models and data analytics to spread the cost of risk in a fair and sustainable way. It's the law-of-large-numbers, quality partners and risks, and careful underwriting that allow us to deliver the lowest long-term cost of risk.

TECHNICAL SERVICES

We're introducing myTRUST, our new secure online member portal. myTRUST will simplify the management of your policies, schedules, and updates. It's easy to use.

CLAIMS

When things go bad, we step in. We pay covered claims and defend our members when they need it most. We value your input and experience in helping to resolve claims.

SALES & MARKETING

Nationally, 85% of governments buy insurance through risk pools. Here's why: coverage, financial security, risk management, and claims. We simplify insurance so you can evaluate options. In Utah, 73% of local governments chose to partner with the Trust.

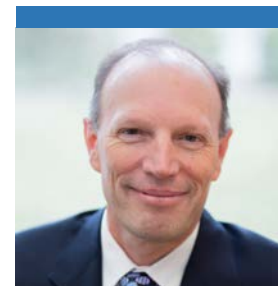

ACCOUNTING

Accurate accounting and financial reporting is the backbone of the Trust. Trust auditors have reported clean or unmodified financial audit opinions for more than two decades. We follow GASB and GAAP standards to ensure accuracy and fidelity.

*What's in a name? A lot, when it's the Utah Local Governments Trust.
Every member has a team of risk management experts it can trust to help minimize
exposure to claims and a claims manager to handle claims professionally when they arise.*
